

## A Champion Appearance or Tutorial with Peter Daicos!

When the time comes for your next club or corporate event why not learn or hear from someone who has experienced it all in both the sporting and business arenas.

An experienced media speaker, Peter's insights into the world of both AFL football and business are compelling. Peter has done it all from working with major corporations, to medium and small businesses, coteries, grassroots football clubs and his appearance has even been the ultimate birthday gift to a magpie mad supporter. His coaching and goal kicking classes have lifted the spirits of many a club even if only for the one session.

Daics playing resume for Australia's highest profile sporting club reads impressively

- Collingwood Football Club 1979 - 1993
- 1990 Premiership Player
- 250 Games
- 549 Goals
- Club Best and Fairest 1982 & 1988
- Club Vice Captain 1990 & 1991
- Collingwood FC Life Member
- AFL Hall of Fame Member
- Collingwood team of the Century (First 18)

His media work has already spanned over a decade including

- Commentator on Network Ten and radio station 3AW
- Currently Peter is a regular guest on "Hungry For Sport" and guest commentator on radio station 1116 SEN

While a list of career highlights reads easily, the path for on and off field success is not always such.

By the age of 21 Daics had played in 5 losing Collingwood Grand Finals at under 19, reserve and senior grade levels. By the age of 28 his body had felt the harshness of a tough sport losing not only his front teeth but he missed many games through serious knee injuries until finally in 1990 as the seasons leading goal kicker and Collingwood's Vice Captain Daics played a key role in breaking a 32 year premiership drought .

In business Daics too has faced challenges but like his sporting career he has shown that coming out on top can happen with lots of hard work, preparation and practice. Drawing on this vast experience, Daics motivates and inspires people. He relates easily to a wide range of people, organizations and issues with his down to earth approach and has presented and coached in diverse locations from magnificent resorts, packed function rooms and auditoriums right down to small meeting rooms and private backyards.

Daics has also featured in a number of advertising campaigns for advertisers such as Toyota, Murray Goulburn and Flair Industries.

I invite you to contact me to discuss how as a business Daics can help or as a sporting club how a visit can provide a lasting benefit to players and members. We have a range of affordable packages that can be tailored to suit.
